## PROFILE

---

In the first 16 years of my life I lived on 7 Army bases, 2 of them twice. We spent 2 3-year tours living in Germany. I have seen 6 Presidents, 2 Popes and the Queen of England.

After receiving my Bachelors degree from Cal State Long Beach, I spent many years in sales and sales management, for various media. The crash of 2008 ended my time as a residential mortgage lender.

In 2010 I launched Monterey Walking Tours, now in the TripAdvisor Certificate of Excellence Hall of Fame. A student of history all my life, being a tour guide / tour director suits my personality and interests.
