*"We've traveled to over 20 cities in the US and Canada and have taken their city tours, and none of the tour guides we experienced compared to James, who conducted our tour. James is more than a tour guide who provides highlights of the city. He's a historian, a storyteller, and an entertainer all rolled into one. We are so thankful for having the opportunity to have James show us his city.'*

*"Perhaps the best, most detailed, and most informative tour guide I've ever experienced."*
