## RELEVANT EXPERIENCE

### TRAVEL COORDINATOR

*TELEVISION | 3 years*

Working for Media Res, Apple TV, and Amazon Prime, I've coordinated travel for cast & crew, occasionally with the help of a travel agent. This included booking hotels, flights, and restaurants for 100+ people, as well as private jets, helicopters, and ground travel.

### CUSTOMER SERVICE REPRESENTATIVE

*YOGAWORKS | 1 year*

As an in-studio Rep, I worked daily with guests, fielding complaints and listening to their needs to implement changes and improve their mind-body experience. I also led studio membership sales for my branch, researching different types of yoga so I could better recommend the right fit to our guests.

### SERVER / BARTENDER

*PUBLIC HOUSE | 3 years*

I had knowledge of the 85 beers on tap, standard mixed drinks, and a full food menu to answer guest questions. Working within the POS system, I input orders and received payment. Opening and closing duties such as cleaning and prepping / stocking of server stations.

### ROPES COURSE LEADER

*UNIVERSITY OF CONNECTICUT | 2 years*

We worked in office and on site, both together and individually, to research and create team building curriculum and lead physically demanding yet accessible exercises to take a group of students or adults from total strangers to a bonded unit over the course of 4 hours.
